## Housekeepers Should Remember

The great success of the Royal Baking Powder is due to the extreme care exercised by its manufacturers to make it entirely pure, uniform in quality, and of the highest leavening power. All the scientific knowledge, care, and skill attained by twenty-five years' practical experience are contributed toward this end, and no preparation can be made with a greater accuracy, precision, and exactness.

Every article used is absolutely pure. Chemists are employed to test the strength of each ingredient, so that its exact effect in

combination with its co-ingredients is definitely known. Nothing is trusted to chance, and no person is employed in the preparation of the materials used, or the manufacture of the powder, who is not an expert in his particular branch of the business.

As a consequence, the Royal Baking Powder is of the highest grade of excellence, always pure, wholesome, and uniform in quality. Each box is exactly like every other, and will retain its power, and produce the same and the highest leavening effect in any climate, at any time.

The Government Chemists, after having analyzed all the principal brands in the market, in their reports placed the Royal Baking Powder at the head of the list for strength, purity, and wholesomeness; and thousands of tests all over the country have further demonstrated the fact that its qualities are, in every respect, unrivaled.

*All chemical tests to which I have submitted it have proved the Royal Baking Powder perfectly, healthful, of uniformly excellent quality, and free from every deleterious substance.*

### That Tobacco Bill.

Following is a synopsis of the tobacco bill now before the Legislature: The bill declares that all persons receiving leaf tobacco for storage or sale or public auction, as public or private property, shall carefully weigh all packages consigned to them, and mark the weight of package and after the tobacco is sold and properly re-coopered, it shall be weighed again by the same person who weighed it, and the re-coopered tobacco shall be paid according to the highest weight, including the sample, after deducting the tare weight of the cask.

The making of a false weight is made a misdemeanor punishable by a fine not exceeding \$100, and a fine not less than \$100, and liability to the party aggrieved in a sum between \$10 and \$100. The selling commission of warehousemen and commission merchants is fixed at \$2 per hoghead, to be paid by the owner or his agent, in case of rejection and no sale. No greater compensation may be charged than \$1 per hoghead, and no additional charge shall be made for weighing, nor any device rendered to be used for the purpose, unless it may be increased. It is made unlawful for any warehouseman to directly or indirectly charge the seller or owner anything by way of commission or otherwise for paying him the money or price, and the sale of tobacco is also made unlawful for any warehouseman to pledge or hypothecate any tobacco shipped to him or stored with him or to issue any warehouse receipts for such tobacco without consent of the owner, and if such a receipt or such pledge or receipt shall be void, provided that the bill does not apply to pledging or hypothecating by the warehousemen to the extent of any sum advanced by him to the seller. One-half of the amount so paid shall be made within ninety days after sale unless the tobacco is exported to foreign countries, in which case they must be made within six months after sale.

A penalty is provided for nesting

or side-prising, in case of rejection by either the buyer or seller, the party rejecting shall only be required to pay the fee for the hogheads, bales or boxes rejected by him. The act is to take effect upon its passage.

### Elected Lecturer.

The Kentucky Farmer says: The Hon. Barry South was elected Lecturer of the Seventh Congressional District Union, at Lexington, last evening, and will deliver his first lecture prepared for permanent work. His election means an active and progressive future for the order, and by the time Barry South gets over the district there will be no inquiring if the order is still alive. But the grand chorus will sound.

"As we go marching along."

### Thrashed a Man Twice His Size.

The other day a small, harmless looking man entered a New York street car, and accidentally trod on the toes of a big-afoot. He tried to get off, but the conductor wouldn't let him. He talked for some time, and finally invited the little man to leave the car and settle the matter on the sidewalk. Greatly to his astonishment, the latter accepted. Those who witnessed the scene said that they did not last long, but that the big fellow had to be carried home in an ambulance, while his diminutive antagonist walked away with a cheerful smile. And so it is with Dr. John E. Miles' patients. They may not half a billion of most of their rivals, but they do their work quietly and thoroughly. For sick headache, biliousness, constipation, dyspepsia, etc., there is nothing like them. They are the only Liver Pill absolutely sold on trial or money back, if they don't give satisfaction back.

Engraving of all kinds promptly attended to at W. L. Coppersmith, 284 St. Clair street.

### Communicated.

#### Editor Roundabout.

I have just received a communication from one "John Smith," asking my opinion about several things, which I will answer in a very few words.

The position I took in my last article at the Athletic Club was that it was a wise and judicious procedure to assume that the thing in itself was wrong, but that it tended towards evil. We are told to shun every appearance of evil.

I advised "John Smith" and the boys to read the history of Abraham and Lot. As soon as Lot was separated from Abraham he "set his tent towards Sodom," and he got there.

Read the result and ponder over it.

Then I will consider and answer each question, as far as I can, honestly.

There are a great many John Smiths, but I know none in Frankfort and but one in the county, and do not suppose there is any to be had.

When I strike I want something to strike at. Put your communication in the paper over your own name, then I am your man.

Yours truly,  
JOHN E. MILES.

### Height of Cruelty.

Nervous women seldom receive the sympathy which they deserve. While the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fainting, pain in the side, weight and finally swelling of ankles, oppression, choking, smothering and drooping. Dr. Miles' New Heart Cure is just the thing for them. The heart, nervous and irritable, weakens, and fails. Restorative New Wine is unequalled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free. Sold and guaranteed by J. W. Gayle.

Miss Bettie Keenon gave a delightful euchre party at her father's residence, on Washington street, Monday evening. The prizes were very handsome and were won by Miss Louise Pepper and Mr. Ed. Gaines.

**Leap Year Hop.**

The young ladies of this city gave a most delightful Leap Year hop at the Capital Hotel Thursday night. Miss Florence Stanton, chairman of the floor committee, did everything in her power to make the gentlemen have a good time, and she succeeded.

The music was furnished by the Frankfort orchestra.

**From Press to Plantation.**

Mr. D. C. Knight, for the past four or five years foreman in the pressroom at the Capital office, gave up his place there on Saturday and has returned to his old home in Louisville, where he will turn his attention to raising cotton and sugar cane. Mr. George Gordon, who learned the business under Mr. Knight at the Capital, succeeds him as foreman.

**Oh, What a Cough.**

Will you heed the warning; the signal perhaps of the sure approach of a more serious disease? Don't assume! Ask yourself if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough.

The explanation is that there are more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. For lame back, side or chest use Shiloh's Porous Plaster. Sold by J. W. GAYLE.

The price for general admission will be fifty cents; seats reserved at Barrett's, without extra charge.

Don't—if a dealer offers you a bottle of Salvator Oil without a wrapper or label, or in a small, closed container, don't touch it, don't buy it at any price, there is something wrong—it may be a dangerous or worthless counterfeit. Insist upon getting a perfect, unbroken, genuine package.

**Stole the Shoes.**

A negro boy, known as Little Jim, went into the store of Mr. R. K. McClure on Monday while Mr. McClure and all his clerks were busy waiting upon customers, stole a pair of three dollar and a half shoes and hid them under his coat. A customer happened to see him when he took the shoes and informed Mr. McClure, who caught the little thief before he could get out of the store and turned him over to a policeman.

About a year ago Jim went into the same store, stole a pair of shoes which would not fit him and in a few days brought them back and asked that they be exchanged for a larger pair. He was left off that time but was not so fortunate on Monday.

**Successful Driver.**

J. H. Goldsmith who had such great success in the Grand Circuit last year with Pimlico and others, writes, "I have given Quinn's Ointment a thorough trial and can truly say it is the best preparation for removing a splint or curb that I have ever used."

**Damages Suits.**

Mr. Charles Kenney has sued Mr. C. Moore, editor of the Blue Grass Blade, in the Scott Circuit Court, for \$10,000 damages, on account of language used in a letter written by Moore to the plaintiff, and Mr. Moore is himself thinking of bringing suit against Messrs. Craddock & Remington, of the Paris Kentuckian-Citizen,

**The Furniture Factory.**

The new furniture factory is now in good shape and is running full time, giving employment to ten or a dozen hands. Mr. Jos. T. Staten, President of the Company, and Mr. James McEwan, book-keeper, have charge of the office and warerooms, while Mr. Chamberlain, of Indiana, a gentleman of experience in the manufacture of furniture, is the Superintendent of the factory. Mr. Hoover, lately from Ohio, has charge of the machinery and Mr. Wm. Brockman, also from Ohio, the finisher. All of these gentlemen thoroughly understand their business and are turning out good work.

The present capacity of the factory is fifty bedsteads per week, but will be increased to meet the demands of trade. Nothing but hardwood furniture is being manufactured—oak, ash and maple, made in Queen Ann and sixteenth century style—which will be put upon the market at the lowest figures.

The company sold their first bill of goods on Monday to a Lexington party, who had been to Louisville and Cincinnati, and having greater inducements offered by our factory, bought here.

**Shiloh's Consumption Cure.**

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is unequalled. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we heartily recommend you to try it. Price 10c., 50c., \$1.00. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by J. W. GAYLE.

**Change of Date.**

The date of the complimentary benefit to be given to Miss Daisy Cox has been changed from the 10th to the evening of Friday, the 12th inst., at which time the Opera House should be filled to overflowing. The following ladies and gentlemen will take part in the entertainment: Mrs. Belle Grant Walker, Mrs. P. H. Newman, Mrs. Tom Newman, Misses Laura Pepper, Alma Scofield, Lucy Hughes, Daisy Hughes, Mary Todd, Nellie Cox, Georgie Payne, Major H. T. Stanton, Messrs. Wm. McClure, Frank Hutchison, Tom Brisian, J. T. Hanley, Jake Cox, J. M. VanDerveer, Frank D. Bull, E. W. Zoeller, Forster Baird, W. H. VanWinkle, John B. Williams, Walter Franklin, Master George Thomson and the Johnson Guards.

The price for general admission will be fifty cents; seats reserved at Barrett's, without extra charge.

Don't—if a dealer offers you a bottle of Salvator Oil without a wrapper or label, or in a small, closed container, don't touch it, don't buy it at any price, there is something wrong—it may be a dangerous or worthless counterfeit.

**Old Crow in Operation.**

The Old Crow Distillery of Messrs. W. A. Gaines & Co., on Glen's Creek, commenced operation for the season of '92 on Monday.

The literature on dress during the winter is a wonder, and interesting collection. Equally curious and imposing also would be the collection of all the empty bottles of Dr. Bull's Cough Syrup, used in the last ten years.

**The Governor's Reception.**

Gov. John Young Brown and wife received the members of the Legislature and their families at the Executive Mansion, from 8 until 11 o'clock, last night. The attendance was large and the refreshments elegant.

**On His Feet Again.**

**Didn't Know Jo.**

A good looking young man, who is learning the "art preservative" in this office, the other day ran across the word "Jobbery," which happened to be spelled with only one b, in the copy he was "setting up," and after puzzling over the word for a time yelled to the foreman, who the blazes is Jo Berry?

**The Old Original Remedy Leads.**

Sick people should not be deceived by purveyors who talk about "The Old Original Remedy," as well as to sell their preparations, thus preventing people from buying the original tested medicine. "Radam's Microbe Killer" is what you need. It is now, and for years has been, making more cures than other remedies combined. Read their advertisement in this paper.

**Masked Ball.**

The German Benevolent Society of this city will give a grand masquerade ball at the Kenyon Hotel on Monday evening, February 29. Invitations have been issued to the ladies and gentlemen desiring tickets can obtain them from Messrs. Jos. G. Schwears, Henry Ahier or other members of the committee.

**The World Grows.**

Noah Webster would not know his old dictionary in the perfection it has attained in the hands of modern scholars. The world grows, however, and dictionaries with it, so that a cheap reprint of the 44 years old "original" Webster is worth about as much as an old almanac. Webster's International Dictionary, the recent successor of the latest and still copyrighted "Unabridged," is the best work of its kind ever published, and, well used in a family, will be of more value to the members thereof than many times its cost laid up in money.

**Carved the Scenery.**

A little negro called Rastus Fewclothes, a member of the Goodeyear, Eitch & Schilling minstrel troupe, which gave an exhibition at the Opera House on Tuesday evening, became enraged because one of the employees of the Opera House kicked his dog, and vented his spite by drawing his knife and cutting the scenery to pieces. He was arrested the next morning, taken before the Police Court and fined ten dollars.

The troupe left on the 10:30 L. & N. train for Paris, and after they had gone Manager Gaines discovered that the little scoundrel had cut several other sets of valuable scenery to pieces, and left that afternoon for Paris to make the manager of the minstrels make good the damage. He returned Thursday morning, bringing the little villain with him, but he was turned loose on the ground that he had been fined once for the offense. He ruined about three hundred dollars worth of "flats" and "wings."

As soon as it was known in the House that she was going to sing the members of that body crowded into the Senate chamber and lobbies, and when the singing was over Madame Decca held quite a levee.

However, through the loss of flesh he weakens him, but, we still retain considerable strength for one who has been confined to his bed four months. **Euchre Club.**

Miss Pearl Johnson entertained the Leap Year Euchre Club at her father's residence on the South Side Thursday evening in elegant style. The prizes were won by Miss Emma Kagan and Mr. Ben Nickols.

**A Model Boy.**

We know a boy in Lexington who works an average of thirteen hours a day, for which he gets six dollars a week. Out of that he supports himself, keeps himself supplied with the best of professional books and still finds time to help his mother for charity and church. This boy rises quietly, without disturbing any one in the family, at or before breakfast, makes the fire in his mother's room, goes down to his store, opens up and returns to his bed. He has never used profane or obscene language, does not touch a drop of ardent spirits and uses no tobacco. His spare time is spent at home, or in the company of his professional superiors. He is a credit to the two parents who are anxious in his expenditures upon his education, but he has not one cent for strong drink, or for immoral amusements or debauchery. He is as devoted to his employer's interests as if they were his own. He honors his father and mother. Transcript.

**Woman's Love.**

Robert G. Ingersoll pays the following tribute to the woman's love:

"To one of the three worth that is conste, the one peak that rises above all clouds, the one window in which light forever burns, the one star that darkness cannot quench is woman's love. It arises to the greatest height, it reaches to the deepest depths, it forgives the most cruel injuries. It is perennial of life, and it grows in every clime; neither coldness nor neglect, harshness nor cruelty can extinguish it. A woman's love is the purest part of the heart. This is the real love that abides on the earth; the love that has wrought all miracles in art, that gives us music all the way from the cradle song to the grand symphony that bears the soul away on wings of fire. A love that is greater than power, sweeter than life and stronger than death."

## FRANKFORT ROUNDABOUT.

Received at the post-office at Frankfort, Kentucky as second-class mail matter.

Geo. A. LEWIS, Editor and Publisher.

FRANKFORT, FEB. 6, 1892.

## The City Schools.

The public schools of this city are more largely attended this year than ever before and are in a prosperous condition, as the following statistics for the term ending January 28, 1892, will show:

WHITE SCHOOL	
Total enrollment .....	853
Average belonging.....	697
Average daily attendance.....	603
Per cent. of enrollment, based on census.....	56

COLORED SCHOOL	
Total enrollment .....	615
Average belonging.....	551
Average attendance.....	414
Per cent. of enrollment, based on census.....	56

NIGHT SCHOOL	
Total enrollment .....	34
Average attendance.....	14

This is a much better showing than is made by many of the larger cities. In Louisville only 50 per cent. of the children are enrolled in the schools, in Paducah about 42 per cent., in Nashville 40 per cent., New York City 48 per cent., and Boston 47 per cent.

The average attendance at the white school during the month of January, when there was a great deal of sickness in the city and the weather was so very inclement that many of the little children had to be kept at home, was 556. Last year there were but 24 scholars in attendance upon the High School, whereas this year there are 55.

The disbursements of the white school for 1891 were \$1,623.37, and of the colored school for the same time, \$4,390.96.

Few cities have better schools than Frankfort and they are equally as well conducted as any in the country. Prof. Rhoads, the new Superintendent, has made a splendid record since he has been here, and has the hearty co-operation of an efficient corps of assistants.

## The Fish and Game Club.

The adjourned meeting of the Franklin County Fish and Game Club was held at the City Hall on Monday evening at which by-laws were adopted, a permanent organization effected and the following officers elected: Sam'l. R. Smith, President; Richard Morris, Vice President; Henry C. Murray, Recording Secretary; M. P. Gray, Corresponding Secretary, and A. W. Overton, Treasurer.

The object of the organization to prevent the wanton destruction of fish in the streams of the county by the use of dynamite, and the enforcement of the trespass laws and those for the protection of game. The Club starts out with a fair membership and it is expected that their number will be largely augmented by the next meeting. It is hoped that most of the farmers of the county will enroll their names as members of the Club as it was organized as much for their protection as for the benefit of the city sportsmen.

The officers elected at the meeting Monday night were empowered to appoint a board of eight directors, and it is proposed to select five of these from the membership in the county, outside of the city.

## Humane Society.

Sunday afternoon Mr. C. S. Hubbard, organizer for the American Humane Society, delivered a lecture at the Baptist Church to a large audience, and at the close of the lecture the Franklin County Humane Society was organized with the following officers: Col. E. Polk Johnson, President; Hon. Lewis Mangan, Vice President; Ben T. Farmer, Secretary, and A. W. Overton Treasurer. Executive Committee—Hon. Grant Green, Dr. S. E. James, W. S. Dehoney, John E. Miles and Prof. McHenry Rhoads.

## Robbed.

Mr. A. J. Shawalter, the auctioneer, while selling stock on the street Monday, had his pocket picked of four hundred and eighteen dollars and a gold watch. The work was neatly executed, as Mr. Shawal-

ter had the money in an inside vest pocket and the watch was in the hip pocket of his pants. He offers one hundred dollars reward, in another column, for the arrest and conviction of the thief.

## Church Supper.

The ladies of Methodist Church will give a supper in this city about the middle of the month. The date and place has not been fixed.

## A Rush of Business.

The Kentucky Midland Railway has been doing a good freight business the past week. The yards were crowded for several days this week and thirty-five cars were side-tracked at other stations along the road, waiting until room could be made for them to be unloaded.

## The Ladies.

The pleasant effect and perfect safety with which ladies use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

## Jones-Wigginton.

Mr. John H. Jones and Miss Sallie M. Wigginton, both of the Elmview neighborhood, were married Wednesday morning at the residence of Mr. W. A. Howard, in this city, Rev. W. C. Taylor officiating.

They left that morning for a short bridal trip.

## Saturday's Fires.

The alarm of fire Saturday afternoon about 5 o'clock was occasioned by the burning of the roof of a house belonging to Joe Borkhardt, and occupied by a colored woman named Ann Pendleton and used as a restaurant. Loss about \$25, with insurance of \$300.

The second alarm was caused by a chimney burning out at C. M. Walcutt's residence on the South Side.

## Court Day.

One of the largest crowds ever in the city on court day was on our streets Monday, but the offerings of stock were rather light and the prices low.

Diamond Bentley, the double-tongued sensational auctioneer, made his appearance here on that day for the first time in several months, and reports the following sales:

24 head of long yearling cattle, at \$11.35 per head; 15 heifers, \$12.50 per head; 4 milk cows from \$15 to \$25; 6 horses from \$10.15 to \$95.50.

## Two Eminent Divines Dead.

Rev. Basil Manley, D. D., formerly president of Georgetown College, but for a number of years past a professor in the Southern Baptist Theological Seminary at Louisville, died at his home in that city on Sunday.

On the same day Rev. Charles H. Spurgeon, the great English Baptist preacher, died at a health resort in France.

It is not often that one denomination suffers so great a loss in one day as the death of these great and good men has entailed upon the Baptist Church of the world.

## Lost His Mustache.

Mr. Carlton W. Graham, of this city, express messenger on the C. & O. fast line, due in this city from Louisville 4:35 p. m., came near meeting with a very serious accident Sunday evening.

The train had reached a short distance below this city, when a package wrapped with excelsior, and which was lying near a very hot stove, took fire.

Mr. Graham caught sight of the blaze, and in his efforts to check the flames shot up and buried his mustache and eye brows entirely on one side. The flames spread all over the interior of the car and scorched off all the paint. Several packages were destroyed and the loss is estimated at several hundred dollars.

The train had to be stopped at the west end of the railroad bridge and water taken from the engine to extinguish the flames. Mr. Graham continued his run, though he was suffering greatly from his injuries.

## A Noted Driver.

The Louisville Times of Monday contained the following biographical sketch of Mr. George B. Hayes, of this city, who for the past ten years has so successfully handled the trotting stock of Col. R. P. Pepper.

Among the noted drivers of the American trotting horse there are none more palmettakind, and a very few more skillful, than George B. Hayes, the head trainer to Col. Elkford and enterer into an engagement with Col. R. P. Pepper, owner of the noted Onward, 2:25 1/4, and Norval 2:17 1/2. His first experience there was with Catchfly, 1:18 1/4, a nervous, high-stepping colt, which he had that had been handled by some of the best drivers in the West with indifferent success. The first season Hayes started Catchfly five times and won the first drive in each race. In the season she started eight times and won every race in straight heats. The following season he campaigned her through the Grand Circuit, where she was the most dexterous and skillful of all campaigners. Harry Williams, 2:13, and he won the first heat of the race that Phalathas, 1:18 1/2, took his record in. Catchfly wound up the season with eight wins out of ten drives. When Col. Elkford purchased Norval many predicted that the stallion would never beat 2:30, but Hayes one day surprised the prophecy by driving the horse to a record of 2:28 1/4. Mayville, 2:22, was a lowling is the list of the horses which Mr. Hayes has driven to their records: Hourly, 3:21 1/2; Norval, 2:17 1/2; Catchfly, 2:18 1/4; Dumas, 2:19; Cognac, 2:20 1/2; Acetyl, 2:18 1/4; Position, 2:21 1/2; Fancy, 2:18; Linnette, 2:21 1/2; Promoter, 2:28; Linnette, 2:29 1/4; Capon, 2:29 1/4; Dossi, 2:28; Wingate, 2:28; Motor, 2:29 1/4; Grit, 3:29 1/4; Manly, 2:29 1/4; Poindexter, 2:28; Elkhorn, 2:29. He has since developed several other others. Mr. Hayes' success is due to his great patience and his tact in conditioning the horses. He will be with the same farm this season, and has a string of good ones in preparation.

## What the Doctor Thinks About It.

Sen. J. P. Huff, in a letter to the Flemingsburg Gazette, this morning, has this to say of the proposition now pending before the Legislature to remove the Capital to Louisville: The Louisville delegation thought to astonish the natives some days ago by introducing simultaneously in the House and Senate a resolution to move the seat of government from Frankfort to Louisville; but when you speak of this to an old Frankfort resident he lazily opens his eyes and says: "Yes, this has been talked about for years, but the capital is still here, and so it is; and when Gabriel toots his horn, which means for us to duck our heads and get under the dirt, the same old capital will be still here." He then says: "Yes, the people should take a notion to tumble down, which by the way, is out of probabilities just now. What a nice thing it would be for the rising generation if the old rock pines will fall in some night and would the go to work and put up a more modern structure, and one that the State would not be ashamed of."

## Change of Base.

Capt. Sam M. Gaines, formerly a resident of Mayville, has discontinued the publication of his paper, the Mayville Commonwealth, and will remove to Lexington, where he will become the editor of a new daily paper which will be started in that city next week. This will give Lexington four daily papers besides any number of weekly, semi-weekly and monthly publications.

## John S. Edwards,

Of Adams, N. Y., makes the following sworn statement: Kenyon & Thomas. This is to certify what I know your wonderful medicine, Dr. Hale's Household Ointment, will do in cases of pneumonia. Last winter, my son, who is 75 years of age, was sick unto death with pneumonia. Both lungs were badly involved. The attending physician said she must die. As a last resort we commenced using your Dr. Hale's Household Ointment, applying it freely and thoroughly to the chest, keeping the lungs covered with hot flannels. She soon began to improve and in twelve hours the crisis was passed and she was out of danger. She is alive and well to-day. JOHN S. EDWARDS.

Sworn and subscribed before me,

H. H. Kavanaugh. Mr. Cooper is a minister of the Southern Presbyterian Church, and for a number of years has been doing evangelistic work in the mountains.

### For Safe-keeping.

Dr. J. L. Massie, who killed Jesse Homaker near Elmvile several months ago, John Sanders and John Costigan, also charged with murder, were brought here from the Owen county jail on Saturday and placed in jail for safe-keeping.

A man by the name of Gibson was taken from the Owen county jail on Wednesday of last week and hung, and it was feared that the people of the county, who are still excited over the matter, might conclude to empty the jail.

### They Neglect Their Papers.

The Capital and other papers published in Frankfort have labored long and earnestly, both in and out of season, to keep the Capital of the State at Frankfort in the public eye. The efforts on behalf of the village at the mouth of the tunnel seems to be but little appreciated by the merchants and business men of that place, judging from the small amount of advertising that they do in the papers referred to. It is a wonder the papers make as good

fight for Frankfort as they do, considering the poor support they receive from the people who get the benefit of having the seat of government under their midst. People will win sympathy up to the papers which fight their battles deserve no sympathy whatever if the thing they most desire is taken from them.

The above from the Lexington Leader is respectfully referred to the merchants of Frankfort, without comment.

### Married in a Queer Place.

Mr. Chas. Darnell, of Missouri, and Miss Florence Buckley, of Plumbard, Woodford county, came to this city on matrimony bent Saturday, and in selecting a place for the ceremony to be performed hit upon the State House. The services of Rev. George Dardis were secured to tie the knot, and at the request of the groom, he obtained the consent of State Librarian, Mrs. M. B. Day, that the two loving hearts should be made one within the walls of Kentucky's capitol, and about 2 o'clock in the afternoon the ceremony was performed in the State Library, with several members of the Legislature, Mrs. Day and Judge Ira Julian as witness.

They left that afternoon for the home of the bride in Woodford county, and on Thursday for their future home in Missouri.

### Man or Woman, Ghost or Human.

We cannot say what will cure ghosts, but many meat and many woman who look like ghosts rather than human beings, through weakness, will regain health and happiness if they would try the virtue of the world-renowned remedy, Dr. Pierce's Golden Medicine. Dr. Pierce's Golden Medicine. Dr. Pierce's Liver and "blood-busness" in its hideous skin eruptions, scrofulous sores and swelling, consumption (which is scrofula of the lungs), all yield to this wonderful medicine. It is both tonic and strength-restoring, and alternative to blood-cleansing.

### The New City Treasurer.

The following notices of the election of Mr. Vernon L. Clark as City Treasurer show the estimation in which he is held elsewhere:

The Winchester Sun says: Vernon L. Clark, a native of this county, has been elected City Treasurer of Frankfort, and will be installed by the next flight of Hugh Gaines. Mr. Clark is a son of the late Dr. John T. Clark. For five years he has lived in Frankfort, and until a month ago was a passenger agent of the Kentucky Midland Railroad. His many friends will be glad to hear of his success.

The Georgetown Enterprise has this to say of him: Vernon L. Clark, formerly a passenger agent of the K. M. railroad, has been elected City Treasurer of Frankfort, to fill the vacancy occasioned by the recent disappearance of Hugh Gaines. Mr. Clark is a native of this friend, Frankfort, and on the line of the K. M., while connected with the road, who will be glad to hear of his being elected to an office, which, with the business he already had, will pay him a good salary. Mr. Clark is a son of the late Dr. J. T. Clark, of Clark county, who lived in Powell county for several years, and was elected to the Legislature in 1863, from the district composed of the counties of Montgomery and Powell.

14 MONTHS IN BED | "Mrs. Kelly re-quests me to write in regard to your son S. S. has done for me. He has been sick so long with an abscess: She had two physicians, and they did everything for him that they could and he didn't improve. For fourteen months and five days he was in bed, a mere skeleton. Some one recommended your S. S. S., and after he had taken two or three bottles he began to improve. He continued until he had taken six bottles, and then he was as well as ever. The boy is fourteen years old, and Mrs. Kelly lives next door to me, and I am well acquainted with the facts of the case."

C. W. Hopkins, Postmaster, East Louisville, writes: "I have had a wonderful effect on children and young people. It should be given to every child who has any blood trouble or blood taint. It drives out the poison and removes germs and gives the body more power to develop the child."

Our treatise on the blood and skin will be mailed free to all applicants. SWIFT'S SPECIFIC CO., Atlanta, Ga.

### A Supposed Panper, but Left Money.

Mrs. Katherine Dowling, an aged lady who lived alone in a little house near the Magazine, on Arsenal Hill was found dead in her bed Saturday morning, from the effects of burns received several days before by her clothing catching fire. For a number of years she had been supported by the city and the Catholic Church. A few days before she died she told a neighbor she had money enough to bury her and asked that she be put away decently. After her death the lady to whom she made the statement began to search among her effects for the money when to her surprise she found six hundred dollars stowed away in an old sock in a bureau drawer and one hundred and fifty dollars in a tomato can upon a shelf. The money was in greenbacks and gold and silver coin.

### Beware of Ointments for Catarrh that Contain Mercury.

Any mercury will surely destroy the nerves of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from a physician. The damage they will do ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains mercury, and acts internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure see you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggist, price 75 per bottle.

### The Burglar.

A charming play, admirably produced by a talented and well-balanced company, excellently staged, a play replete with laughter provided, and eye-musical, in sentiment, and a tiresome bore, on the sensational, pleasing and delightful in all its four acts. That was the verdict of the large audience which filled the Toronto Opera House last evening when for the first time here, Augustus Thomas' comedy-drama, "The Burglar," was presented. The play is an excellent dramatization of the popular novel, "Editha's Burglar," to which the theatre-goer has all the fascination and charm which to the reader the book possesses. The plot is interesting, well conceived and admirably worked out, maintaining the unflagging interest of the audience from the rise of the curtain on the first act to its fall on the last. In the third act, especially, where the burglar and his divorced wife's son and in his efforts in his midnight labors by his infant daughter, the feelings of the spectators were drawn to their utmost tension, finding a real interest in the daughter at the innocent prattling of the precocious little one with the rough specimen of humanity, who, although a criminal, had the kindly attributes of humanity. Or the burglar and his considerate, amiable wife, Mr. Lewis and Mr. Lothian are actors of more than average ability, and Mr. Lothian, the young lawyer, kept the audience well pleased with themselves with his fine delivery. The rôle of the burglar was taken most satisfactorily. "The Burglar" is a comedy that appeals to all classes, and, possessing so many pleasing qualities, will doubtless attract large audiences during the remainder of the week. —The Toronto Empire.

At the Opera House Monday, February 8th.

#### A Mystery Explained.

The papers contain frequent notices of rich, pretty and educated girls, eloping with negroes, *tramps* and *coachmen*. The well-known specialist, Dr. Franklin Miles, says it is a girl, who is impulsive, impudent, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, inmoderate crying or laughing. These show a nervous system for which there is no remedy. The negroes, *tramps*, *trials* bottles and a fine book contains many marvelous cures, free at J. W. Gayle's, who also sells and guarantees Dr. Miles' celebrated New Heart Cure the finest of heart tones. Cures fluttering, short breath, etc.

**Editor Roundabout:**  
The patrons of School District No. 34 are given to believe the County Superintendent explains how it is that they are only entitled to a school of four months this year.

The chairman of the board of trustees employed a teacher to teach the school for four months, for the money. After four months of the school had been taught the County Superintendent informed the teacher and chairman that the district was entitled to but four months, and further that there was no money to pay for a longer term. The law is that every district is entitled to a school of five months that reports forty scholars or more, — not exceeding one hundred, and district thirty-four has forty-two scholars reported to the Superintendent of Public Instruction for the school year, beginning July 1st, 1891.

The chairman of the above district for said school reported to County Superintendent that only forty-four scholars but from some cause only forty-two were reported by County Superintendent to Supt. of Public Instruction.

#### A PATRON.

**A Good Reason for Living.**  
"She lives to love and loves to live. She loves to live because she lives to love."

Many are it is a sin to be sick; being so, one cannot bestow their affection on others as the Creator intended; being so, certainly is it a sin to care for others. Moreover, these days, need an invigorating tonic. Worn-out teachers, "shop-girls," dressmakers, milliners, and those subject to tiresome labor, have found a balm in Dr. Carpenter's FAVORITE PILLOW. It is a refreshing and strengthening nerve, inducing refreshing sleep, relieves despondency and restores to full use all the appetites and affections of one's nature. It is sold, by druggists, under a guar-

antee from its makers that it will, in every case, give satisfaction, or price (\$1.00) will be promptly refunded.

#### Jarbeau.

Miss Vernon Jarbeau, who will appear at the Ninth Street next week, has had a varied and interesting stage experience. She has been on the stage almost since childhood. Her first appearance was made at the age of 10, and now she is a graduate. Her first role was "Mimi" in "Pinocchio," with the Duff Opera Company, at the Standard Theatre in 1879. Miss Jarbeau has played in all branches of the theatrical business, and has been writing and known for her connection with comic opera. She has been the prima donna of D'Oyle Carte, Duff and Max Maretz opera companies. She played "Elsie" with Ritter for two years with great success. From burlesque to tragedy is quite a jump, but Miss Jarbeau has accomplished it successfully. She supported Mme. Modjeska for six weeks at the Fifth Avenue Theatre in New York. The reason after that she appeared with the Stetson's great cast company. The last two seasons before her starring tour, she was again prima donna of the Duff Opera Company. A remarkable girl, Jarbeau is a type of beauty that has never been identified with a failure, and has always been connected with the most pronounced success. All her own costumes and nearly all of the company's were designed by her. Jarbeau is a typical French woman, and a part of her great success is probably owing to her vivacity and chic, which have been inherited from French parents. — *Kansas City paper.*
